Easily find your daily route maps and trips details

The screenshot displays the AMVIN web application interface. On the left, there is a search and filter panel with the following sections:

- Information:** A dropdown menu showing the ID '862476050332609'.
- Position type:** A dropdown menu set to 'All'.
- Position Time:** A date range selector showing '2022-11-22 00:00:00 - 2022-11-22 23:59:59' and a 'Today' button.
- Search:** A blue 'Search' button and a 'Reset' link.

Below the search panel, there is a summary of the trip: '49.72km' and '12.11km/h' with a 'Details' button. Two trip entries are listed:

- 2022-11-22 06:34:26:** Al Khail Gate Residential, Dubai, 6136, United Arab Emirates.
- 2022-11-22 10:40:47:** 38 Street, Jumeirah Islands, Dubai, United Arab Emirates.

On the right, a map shows a route in blue and yellow. A control panel is overlaid on the map with the following options:

- Speed: 66 km/h
- Speed control slider and 'Speed' button.
- 'Replay' button and timestamp '2022-11-22 06:39:26'.
- 'Parking time' dropdown set to '0Minute'.
- Checkboxes for 'Display track' (checked), 'Display by fix', 'Driving behavior', 'Geofence', and 'POI'.

- Find out all the trips' details for the time which you can choose.
- Know all the routes which have been taken in detail like speed, time and vehicles stopping location on map itself.
- By using display by fix, you can know the speed of vehicle and location & time in every single point on the route.
- Get all movements & route details in your PC by export the same and save them.
